

Santa Ana Golf Association Members,

August 2025

Hello Everyone,

Hope this finds all of you doing well and enjoying your rounds at Santa Ana and Twin Warriors. We are very fortunate to have 2 terrific golf courses to host our tournaments on!

Once again, our **Invitational** was a huge success. Many thanks to the Santa Ana Star Casino for being our major sponsor and to all of the staff at Santa Ana who worked very hard to insure we all had an enjoyable outing.

As always, Thank You for being a member of the Santa Ana Golf Association SAGA and if you have any suggestions or issues that you would like to address, please feel free to contact any of the Board of Directors.

All the Best,
See you on the course,
Long drives and short putts!

Wayne Jones

Vice Presidents Message

Vice President's Message

There has been an increasing number of comments that some players are not posting all of their scores and winning tournaments. It's probably time for a reminder.

It is a player's responsibility, not their playing partners, to post ALL of their eligible adjusted scores as soon as practical after a round.

This means you should post the score immediately at the course you played or if that is not possible then post via the Internet within 24 hours. You should also post scores for groups like Senior Golfers of NM who do not post scores for their players. Be aware that many other groups like Roadrunners do post most scores for their players. If they do not, then you are responsible for doing it. **The Players Club will post all eligible adjusted Santa Ana tournament scores to GHIN.**

Many players do not want to post all of their scores for many reasons.

Almost all scores are eligible for posting. Trying to manipulate the system by withholding good or bad scores defeats the purpose of the handicap system and will result in a differential that does not reflect your current playing potential. The result is that you may either not be competitive in tournaments or you may be tagged as a potential sandbagger.

Below are the reasons for unacceptable scores from the USGA Handicap Manual (the comments in parenthesis are mine). There are no others.

1. When fewer than seven holes are played. (You should post 9 hole rounds. GHIN now treats them differently)
2. When made on a golf course in an area in which an inactive season established with the authorized golf association is in effect. (Santa Ana does not have one.)
3. When the majority of holes are not played in accordance with the principles of the Rules of Golf (except for preferred lies and conceded putts).
4. When, as a condition of the competition, the maximum number of clubs is less than 14, or types of clubs are limited as, for example, in a competition that allows only iron clubs such as a 4 club tournament.
5. When scores are made on a course with no USGA Course Rating or Slope Rating. (Santa Ana is a rated course.)
6. When a player carries or uses non-conforming clubs or uses non-conforming balls. (You shouldn't be doing this regardless of where you play.)
7. When artificial devices are used during the execution of a stroke. (You may use a wheelchair, if necessary.)

The Handicap Committee will continue to monitor this issue on a periodic basis by comparing the Santa Ana computerized starter's sheet with rounds posted in GHIN.

You are always validated on the starter's sheet when you sign-in at the Pro Shop to play and the expectation is that you will finish and post that round. Although we will not check every player to see if all their rounds have been posted, we will do several random audits during the golf season. In addition, we will be randomly checking rounds played with groups like Seniors and Roadrunners. If you're not posting all your scores, you may get an email from us.

If the starter's sheet for a particular date shows that you have played and you did not post a round within a week from the play date the Handicap Committee may post a penalty score to your record in GHIN.

A penalty score is defined by the USGA as a score equal to the lowest handicap differential from the individual's current scoring record (last 20 scores). The USGA allows the handicap committee to do this without the player's authorization. If this happens, you will see a "P" next to the score. Contact me if there are extenuating circumstances and we will resolve the matter. For example, if the round was not acceptable for posting we will need the reason why. If you still have the signed and attested scorecard from the round in question or you can produce the results sheet from your group we are permitted to post the actual score. If you do not have the card or results sheet then the penalty score will stand.

Please note that not posting all of your scores may also result in a tournament handicap adjustment by the Handicap Committee.

Have fun on the course and remember to post all of your

Warren Von Worley
Vice President, SAGA

From the Tournament Director

1. Don't forget to pay the entry fee in the **RED** box
2. Don't need to know ride/walk - lots are walking - only TEES and EARLY/LATE
3. If your plans change and you can play and it's after the deadline - email us - we can usually get you in.
4. ALWAYS **call** the pro shop if you have to **cancel** on the morning of the tournament
5. **PLEASE** read and comply with the **SAGA rules** sent to the players before the tournament. Pay particular attention to **pace of play and respecting/complying with the marshals**
6. **Registration** will be by email to Skip (skiphaines@comcast.net), Mark Vitale (vitalemp555@gmail.com) and Paul Hatin (paulhatin@yahoo.com). Just state the tees you will be playing from, early or late tee time preference and if you would like to be paired with another member. No need to send the actual entry form. Mark will verify your entry into the tournament with an email response. **NO** entries at the pro shop. Please email all three of us, just to make sure you get in the tournaments.
7. Use the **RED Entry Fee box**. Do NOT mail your entry. Do NOT drop off your entry at the pro shop.
8. Always, Place your \$25 entry fee, for single day events, in the **Red Box** **before you tee off.**
9. **Entry fee checks DO NOT need to be put in envelopes.**
10. **ENTRY FEE**
DON'T forget and leave it at home on the counter
DON'T leave it in your wallet
DON'T leave it in your golf bag

DON'T leave it in the glove box

DON'T put it in the SAGA box in the pro shop and DON'T just FORGET

11. Damage to the course or abnormal course conditions in the fairways: With the concurrence from your playing partners- play as GUR
12. SAGA Communication will be by email from Golf Genius. Please add noreply@golfgenius.com to your contact list to assure that you get all the SAGA communications.
13. The membership is required to post all casual scores to GHIN
14. **Tamaya Cup points:** Tamaya Cup points are accrued starting on Oct 1 and running thru September 30th. 5 points are awarded for each tournament **day** played (2-day tournaments is 10 points). 5 4 3 2 1 points (10 8 6 4 2 points for 2-day events) are award for the flight finish. For Match Play each player gets the 5 points for playing and the flight award is 8 6 3 3. **The common thread for the Tamaya Cup team members is that they all played 20+ of the tournament playing days.** SAGA will send out periodic updates of the point standings.
15. In 2024 the SAGA tournaments are getting filled up before the entry deadline. Please sign up early to assure a place in the tournament. SAGA is attempting to get more tee times so that everyone who wants to play can.
16. Cancelling participation in a tournament rules.
We need your help and cooperation. If you sign up for a tournament and you need to cancel you must email Mark, Skip and Paul. If you cancel the day before a tournament, you must also call the pro shop and let them know. If you fail to follow these procedures you will be considered a “no-show” and you will be required to pay the tournament entry fee. The entry fee must be paid before you can participate in another SAGA tournament

If you have any questions concerning this policy, please feel free to contact the SAGA Board.

SAGA thanks you for your understanding

Thanks,
Mark Vitale , Tournament Director
vitalemp555@gmail.com

Play at a prompt pace and without delay

Play the ball as it lies.

Play the course as you find it.

When neither can be done, do what is equitable to all concerned

Conditions of Play and Local Rules for 2025

Play is governed by the USGA Rules of Golf, any additional Notice to Players and, where applicable, by the following conditions of play and local rules. It is recommended that all players install the 2025 USGA Rules of Golf on their cell phones. The USGA no longer provides printed copies of the rules.

1. Doubt as to Procedure; Dispute or Claim:

In Match Play (Rule 3.2), In match play, you must resolve any doubt or dispute as to procedure before you or your opponent plays from the next teeing ground after which the result of the hole stands. If a doubt or dispute arises that cannot be resolved, a player may make an immediate claim in accordance with Rule 20.1b. The Committee may consider a claim only if the player making the claim notifies his opponent (i) that he is making a claim, (ii) of the facts of the situation and (iii) that he wants a ruling. The claim must be made before any player in the match plays from the next teeing ground or, in the case of the last hole of the match, before all players in the match leave the putting green.

Because of our match play format, no duly authorized representative of the *Committee* will normally be available within a reasonable time. Therefore, after a player makes a claim the match should be continued without delay and the claim reported to the *Committee* before the results of the match are posted.

In Stroke Play (Rule 3.3), if a player is doubtful as to his rights or the correct procedure, during play of a hole, he may, without penalty, complete the hole with two balls in accordance with Rule 20.1c(3). After the doubtful situation has arisen and before taking further action, the competitor must announce to his marker or a fellow-competitor that he intends to play two balls and which ball he wishes to count if the Rules permit. The competitor must report the facts of the situation to the *Committee* before returning his signed score card. If a player fails to do so, they are disqualified.

2. Time of Starting: For a player arriving late to the starting tee, see Rule 5.3a. If you arrive at the starting tee up to 5 minutes late for your starting time, you lose the hole in match play and receive a two-stroke penalty at the first hole in stroke play. If you arrive at the starting tee more than 5 minutes late you are disqualified except where a committee determines that exceptional circumstances have prevented a player from starting on time. If all players are present and the starter deems it necessary to start your group before your starting time, there is no penalty. If a match is extended in match play and the starting tee is not available, the match may continue on the tee of the other 9 holes that were originally played.

3. Pace of Play: One of our most significant issues has been the slow pace of play. Since the SAGA will have public play tee times that follow our tournament, this is an extremely important issue. Over the past few seasons we have encouraged players to play at a faster pace and the pace has improved significantly. We still need to continue to continue this trend. *The USGA Rules of Golf*, Rule 5.6, Unreasonable Delay; Prompt Pace of Play, states in part: "You must not unreasonably delay play, either when playing a hole or between holes and a round of golf is meant to be played at a prompt pace." **Complete Your Round in 4 Hours and 30 Minutes or Less and Maintain Your Position on the Course:** Ultimately, each player is responsible for the pace of play in their group; therefore, all players (and groups) are expected to complete their round in 4 hours and 30 minutes (15 minutes per hole) or less and maintain their relative starting position on the course.

Past history indicates that groups of four players teeing off at the beginning of the day, regardless of their ability and whether or not walking or riding, are easily able to complete their round in 4 hours or less. The *Committee* has added an extra 30 minutes to compensate for the course becoming more crowded and time spent searching for lost balls and errant shots in water hazards and native areas at SAGC. Therefore, groups playing early should be more likely to complete their rounds in the 4 hour or less range than groups playing later in the day. Since SAGC tee time intervals are at 9-10 minutes and there is never an entire hole open when they begin their round, players are encouraged to play without delay and maintain the same position or gap that was established on the first hole between their group and the group in front of them.

MONITORING OF PACE: Monitoring pace of play is the sole responsibility of the committee and marshals on the course. A player who is concerned about a non-responsive player in his/her group should call the club house to request a marshal to monitor the group in case penalties are incurred and appealed.

The general rule is to take action against the entire group unless a majority of members in the group attest to who the slow player was AND that numerous attempts were made to speak with the member to speed up and get back in position.

Regardless of whether or not they are completing each hole in 15 minutes or less, if at any time during the round a group has completed play of a hole and approaches the teeing ground of the next hole, and the hole is open, the group will be deemed to be out of position (behind) and will be put "On Watch" (see definition below) by the course marshal who will ask them to improve their pace of play and get back in position relative to the remainder of the field.

Being put "On Watch" means that the group will have two holes (maximum of 30 minutes) to get back into position. The marshal will notify the group that they are "On Watch" (they will also be on the clock) and provided the marshal is going "against the grain," he will be able to tell them how much of a gap is needed to make up. If the group is playing at a pace to complete their round in under 4 hours (less than 13 minutes per hole), they will not be put "On Watch," but will receive a friendly suggestion to "try and close the gap."

Marshals will report pace of play status and facts to the *Committee* for appropriate action. If an "On Watch" group does not improve their pace of play in accordance with the above policy, the entire group may incur a one stroke penalty in accordance with Rule 5.6. The second violation may result in an additional two stroke penalty and the third violation may result in disqualification.

Note that even though a group may not have been officially warned or put "On Watch," players with finish times in excess of 5 hours may incur a one stroke penalty unless there are mitigating circumstances.

APPEALS: Prior to returning his/her scorecard, any player who has incurred a penalty under these guidelines may file an appeal with the Committee. An appeal will only be considered if the delay was caused by; (1) the Committee, (2) circumstances beyond the player's control, (3) another player in his/her group. The decision made by the Committee will be final.

4. Annotating and Returning Scorecards: Each player should annotate their actual starting time on their scorecard when they tee off. If no time is annotated, the time printed on the card will be assumed to be the start time. The finish time should also be annotated on the official scorecard at the completion of the round. If no finish time is annotated, the actual turn-in time minus 5 minutes will be used as the finish time.

Scorecards should be returned to the *Committee* (at the scoring table) or to the Pro Shop as soon as possible after a round is completed, but not later than 15 minutes after the round is completed. If at least one person from each group does not return a signed scorecard within 15 minutes of completion of play of the last hole, the entire group may be subject to a two-stroke penalty.

You are not required to put your handicap on your scorecard and there is no penalty if you return your scorecard in a competition with an incorrect handicap, as this is now the Committee's responsibility.

Helpful Hints: Here are some hints to help you improve and maintain your pace of play:

- **Play Ready Golf** – In all stroke play events, the committee endorses playing "Ready Golf" in a safe and responsible way. **There is no penalty for disregarding "honors."**
- **Continuous putting** is encouraged.
- **Practice Putting is Prohibited** – In stroke play, practicing or putting on the hole last played during a competition round is PROHIBITED. (see 15 below)
- **Search for a lost ball for a maximum of three minutes. Search less (1-2 min)** if you have been warned, put "On Watch" or are falling behind the group in front of you.
- Calculate yardage and club selection early and read putts or complete any other "pre- shot routine" while others are playing their shot.

- When riding in a cart, always drop partner off at their ball and proceed to your ball in order to play your shot as soon as possible after they play theirs. Always take the club you intend to use, and two extra clubs (example: 6 iron, and 5, 7 irons), to avoid having to return to the cart.
- When leaving your cart/bag to search for a ball in the native areas, always take clubs (same as above, with the addition of a wedge for “chipping out”) to avoid having to return to the cart.
- Always leave equipment (carts, bags, extra clubs, etc.) beside and/or behind the green and towards the next tee.
- Always write down scores at the next tee while other players tee off (not the previous green).
- If you anticipate the need to use the men’s room on the course, or visit the restaurant in between nines, as you approach the green, inform playing partners that you would like to go ahead and putt out in order to do so (even if you are not the furthest from the hole). Afterwards, immediately proceed to the next hole to tee off, or to be ready if your group has not yet completed the previous hole. This option is not available on the last hole of an event or for any other circumstances where it is clear that the player may gain a competitive advantage from this action, and that it is the main reason for doing so.
- When exercising the options listed above, take care of business, gather food and drinks as quickly as possible and proceed to the next tee. Do not stop to eat at the clubhouse.

5. BALL LOST or OUT OF BOUNDS (Rule 18.2): When a player’s ball has not been found (lost) or is *known or virtually certain* to be *out of bounds*, the player may proceed as follows rather than proceeding under *stroke and distance*.

For **two penalty strokes**, the player may take relief by dropping the original ball or a substituted ball in this relief area (see rule 14.3):

Two Estimated Reference Points:

a. Ball Reference Point: The point where the original ball:

Is estimated to have come to rest on the *course*, or

Last crossed the edge of the *course* boundary to go *out of bounds*.

b. Fairway Reference Point: The point of fairway of the *hole* being played that is nearest to the ball reference point, **but** is not nearer the *hole* than the ball reference point.

For purposes of this Local Rule, “fairway” means any area of grass in the *general area* that is cut to fairway height or less.

Size of Relief Area Based on Reference Points: Anywhere between:

A line from the *hole* through the ball reference point (or within two *club-lengths* to the outside of that line), and

A line from the *hole* through the fairway reference point (or within two *club-lengths* to the outside of that line).

But with these limits:

Limits on Location of Relief Area:

Must be in the *general area*, and

Must not be nearer the *hole* than the ball reference point.

But, the player may not use this option when:

The ball is *known or virtually certain* to have come to rest in a *penalty area*, or

The player has played another ball provisionally under penalty of *stroke and distance* (see Rule 18.3).

GOLF'S NEW RULES: STROKE AND DISTANCE

A new Local Rule will provide an alternative to stroke-and-distance relief for a ball that is lost outside a penalty area or out of bounds. This new Local Rule will be available beginning January 1, 2019.

BALL OUT OF BOUNDS

LOST BALL

If the Local Rule is in effect, you can still take stroke-and-distance relief, but you will now have the following additional option that comes with a penalty of two strokes:

A

DETERMINE SPOT where your ball went out of bounds (left diagram) or is likely to be lost (right diagram).

B

FIND NEAREST FAIRWAY EDGE no closer to the hole.

C

DROP YOUR BALL IN SHADED AREA as defined on one side by a line from the hole through point A and on the other side by a line from the hole through point B, and not nearer the hole. The relief area is extended on both sides by two club-lengths.

This Local Rule is not intended for higher levels of play, such as professional or elite amateur level competitions.

R&A USGA

© 2008 R&A Rules Limited and the United States Golf Association. All rights reserved.

MLR E-5 DIAGRAM 3: BALL NOT FOUND OR OUT OF BOUNDS CLOSE TO GREEN

6. Technology Use: Cellular Telephone and Pager Use: In the spirit of Rule 1.2 of the USGA Rules of Golf, except for summoning emergency help (e.g. heart attack, heat stroke, fire, notifying the Pro Shop of a dead cart or for slow play where there is greater than one hole open in front of the slow play group) on the course, cellular telephone use is strongly discouraged during a stipulated tournament round. Exceptions are areas such as in or within 50 feet of the clubhouse complex, inside on-course rest rooms or in the course parking lot and only when you are not interfering with or delaying play (see interfering with or delaying play (see rule 5.6.)) Pagers should also be silenced or put on vibrate.

If your cellular telephone or pager use interferes with or delays play, the first offense is a one-stroke penalty, the second offense will be a two-stroke penalty, and any subsequent offenses will result in event disqualification.

Audible Audio or Video: Rule 4.3a(4) is modified in this way: During a tournament round, a player may listen to audio or watch video on matters unrelated to the competition; however, they must not audibly broadcast content of any nature from an audio or video device.

Penalty for breach is the general penalty for a first breach and disqualification for a second breach.

7. Abnormal Course Conditions: Blacktop cart paths are Immovable Obstructions; all other paths are considered Integral Parts of the Course where relief without penalty is not permitted, but Loose Impediments may be removed. (Rule 16.1)

All large **rocky drainage areas and red gravel areas** (eg. around Cheena 7 teeing ground, restrooms near Cheena 7 fairway and left of Tamaya 6 teeing ground, etc.) may be played as an Immovable Obstruction. Drop without penalty, one club length from nearest relief no closer to the hole. If the ball is lost in the Immovable Obstruction and it is known or virtually certain that the ball entered the Immovable Obstruction you may substitute another ball and take relief without penalty.

Stakes, ropes and fishing line in Penalty Areas have been designated immovable obstructions. Play the ball as it lies or proceed in accordance with the Rule 17-1, Penalty Areas. Penalty for removing, cutting or untying these stakes, ropes or fishing lines is two strokes whether they are replaced or repaired, or not.

Bunkers - Players are encouraged to rake all bunkers. If you find your ball in a footprint or other disturbed or unraked bunker area you may, without penalty, lift your ball and place it in the bunker within one club length of its original position, no nearer the hole. You may not lift the ball, smooth the bunker, and then replace it. Please rake the bunker after you play.

8. Ground Under Repair (GUR): Areas defined by white lines. (Rule 16.1)

- a. French drains (filled with stones or gravel) are GUR.
- b. Ropes and stakes (Movable Obstructions) on the golf course outside of a hazard are for cart control only.
- c. When the course is not marked for GUR, the following principles will be followed for relief:
 - i. Decisions should be made by all players in the group.
 - ii. The area in question should be clearly "Under Repair" or,
 - iii. The area should be such that fair play is not possible and only "grossly" unfair lies due to poor maintenance would be obtained.
 - iv. In stroke play, the player may also invoke Rule 3-3 and consult the Committee following play.

Note: If the area in question is a normal condition on the course, it should NOT be considered GUR (i.e. Bare ground or patchy turf is not Ground Under Repair at Santa Ana GC as that is a normal condition on many parts of the course).

9. Penalty Areas: The ponds fronting Tamaya holes 6 and 9, Cheena holes 5, 6, and 9, and Star holes 5, 8, and 9, are Penalty Areas (identified by red stakes and/or red lines). (Rule 17.1). Drop zones may be provided during some tournaments as an additional relief option. (Model Rule B5)

10. Out of Bounds: Identified by boundary fencing and white stakes are defined by inside points at ground level. (Rule 18)

- a. Note: On holes with old wooden rail boundary fences, as well as white stakes, white stakes identify the Out of Bounds.
- b. Note: Wire boundary fences that are built for the protection of property or during construction are considered part of the boundary. Relief without penalty is not permitted.
- c. Note: The Out of Bounds stakes to the right of Cheena hole 9 fairway are for Cheena hole 6 only.
- d. Note: The solar panel complex including fencing left of the Star 5 teeing ground are out of bounds.

11. No Play Zone: The maintenance area to the left of the Tamaya 3 fairway has been designated a No Play Zone where play is not allowed. The no play zone boundary is designated by **blue** stakes. Relief without penalty is provided.

12. Immovable Obstructions (sprinkler heads and valve boxes) near the green: Relief may be provided for immovable obstructions close to a putting green in a player's line of play. If and only if, all of the criteria below for intervention on a player's line of play, then the player may lift and drop the ball **AT** the nearest point of relief that is not nearer the hole, avoids intervention, and is not in a penalty area or on a putting green.

- a. The ball must lie in the general area (not in a bunker or a penalty area); and
- b. The immovable obstruction (sprinkler head or valve box etc.) must be on or within two club-lengths of the putting green; and
- c. The immovable obstruction must be within two club-lengths of the ball; and
- d. The immovable obstruction must intervene on the line of play between the ball and the hole.

13. The General Area of the Course: Includes any paths NOT made of blacktop and cables, rods, wires, or wrappings, when closely attached to trees. Liners in bunkers, artificial walls, and pilings located in penalty areas are integral parts of the course and no relief without penalty is permitted unless otherwise provided for in a Notice to Players – (Rule 2)

14. Restrooms are located on Tamaya Holes 3 and 7, Cheena Hole 3, and Star hole 6. They are considered “Immovable Obstructions.” Relief may be taken in accordance with Rule 16-1. Note: Relief is for interference only and no “Line of Sight” relief is allowed.

15. Practice Putting: During stroke play competitions only, practice on or near the putting green of the hole last played or rolling a ball on the putting green of the hole last played is PROHIBITED. That means no practice putting. Penalty for breach is 2 strokes.

16. Returning a Scorecard in Competition: For the purposes of any competition, a scorecard is considered turned-in after any doubtful points have been settled by the *Committee* and it is then presented to the designated member of the *Committee* at the scorer’s table, collection box or front desk. The competition is final when all scores have been posted on the official scoreboard unless an error occurs in posting the final results.

17. Ties: Ties for gross and net prizes will be broken using a scorecard playoff starting on a hole designated by the committee and then going backward. If the completion has a shotgun start or play commences on holes 1 and 10, the designated playoff hole will be the same for all players or teams. Ties for the blue gross Club Championship will be broken by a sudden death playoff starting on whichever course and hole the committee designates.

18. Conditions for Tournament Play at Santa Ana Golf Club: In accordance with Players Club policies, the *Committee* reserves the right to reduce or raise any player’s handicap before, during, or after any tournament participated in at Santa Ana Golf Club or Twin Warriors Golf Club.

19. Player Conduct: When available, the SAGC marshals will be helping the *Committee* monitor the pace of play during our tournaments. Marshals have been instructed to be professional, courteous and friendly when approaching groups. Any bad conduct by a player (e.g. rude comments, verbally abusive behavior) anywhere on the course or towards marshals with regards to how the marshals are conducting pace of play monitoring may result in a two stroke penalty. Extremely bad conduct (e.g. profane language, obscene gestures, physical abuse) anywhere on the course may result in disqualification and possible suspension from future SAGA tournaments for a period of time specified by the *Committee*. Repeat offences may result in expulsion from the SAGA.

20. The Committee: The *Committee* is comprised of the Santa Ana Golf Club’s Head Golf Professional and all board members of the Santa Ana Golf Association as well as any individuals designated by the Board.

21. The Committee recommends use of these principles that define the Rules of Golf:

Play at a prompt pace and without delay

Play the ball as it lies.

Play the course as you find it.

When neither can be done, do what is equitable to all concerned.

2025 Santa Ana Golf Association (SAGA) Policies

**In addition to any published Conditions of Play, Local Rules and Notices to Competitors,
the following policies will be effective for the 2025 season.**

To encourage participation in club tournaments, the goal of the Santa Ana Golf Association (SAGA) is to provide an equitable, fair, and enjoyable competition for all of our members. The following policies should help achieve this goal.

Club Championship, President’s Cup, SAGA Invitational

Club Championship Trophy Eligibility - All blue flight players are eligible to win the Club Championship trophy based on their gross score. Lowest overall gross score in any blue flight wins the Club Championship. Ties for the Club

Championship only will be broken by a sudden death playoff starting on whichever course and hole the Committee designates. All other ties will be a scorecard playoff per our current policy.

If a player plays in the blue gross flight, they can only win gross flight payouts and the trophy if they have overall low gross score. Unless flights are combined, if a player plays in a blue net flight, they can only win blue net flight payouts based on their net score (adjusted based the exceptional score policy) and the trophy if they have the overall low gross score.

SAGA Invitational, Member Guest or Appreciation Tournament Handicap Policy - Guests with non-GHIN handicaps or GHIN handicaps from golf associations other than the Sun Country Amateur Golf Association will be subject to a SAGA Committee (hereafter known as the *Committee*) review to establish a valid tournament handicap index. The *Committee* reserves the right to adjust a player's tournament handicap based on this review. All members must play in at least one SAGA tournament during the 2025 season to be eligible for the SAGA Invitational or Appreciation tournaments. All participants must post at least three GHIN scores in the 12 months prior to the Invitational or Appreciation tournaments.

All Tournaments

Tournament Deadlines – The following are the 2025 tournament deadlines, fees, and payment policies.

- For all Saturday tournaments: The deadline to sign up will be the Wednesday before the tournament by 5 pm.
- For all Wednesday tournaments: The deadline to sign up will be the Saturday before the tournament by 5 pm.
- The entry fee for all tournaments is \$25 per day (lunch no longer provided for most tournaments). 100% of all tournament fees will be returned as prizes. Match play will be \$45.
- The SAGA must release tournament tee times back to the course after the deadlines shown above. Late entries are not guaranteed entry into a tournament and entry will be on a space available basis. You will be notified of your status by Mark Vitale, the Tournament Director.
- Call or e-mail your entry or bring cash or check on the day of the tournament. Please provide all information that is on the entry form when you e-mail or call.
- When you bring cash or check to the tournament, please deposit it in the provided container.
- If you sign up for a tournament and you need to cancel you must email Mark, Skip and Paul. If you cancel the day before a tournament, you must also call the pro shop and let them know. If you fail to follow these procedures you will be considered a “no-show” and you will be required to pay the tournament entry fee. The entry fee must be paid before you can participate in another SAGA tournament.
- For all tournament information or issues, please call or e-mail Mark Vitale at 505-301-4678, vitalemp555@gmail.com, Skip Haines at 505-867-1780, skiphaines@comcast.net or Paul Hatin at 505-999-7666, paulhatin@yahoo.com. Other board members do not have tournament information.

Tournament Tees – We recommend a player play tournaments from the tees they normally play from in daily play. You may move up or back in any particular tournament; however, your course handicap will change by plus or minus 3-5 strokes based on the World Handicap System calculation.

Committee Handicap Review: The purpose of handicapping is to create equity. Equity takes proactive attention to handicapping in order to bring fairness to club events. Because the primary concern of the *Committee* is to protect the field, the right of the *Committee* to adjust handicaps, whether for members or guests, will need to be exercised at times. To ensure a level playing field where all members feel they have a chance of winning if they play well, the *Committee* has a responsibility for making certain that each player's handicap reflects their true playing potential. The *Committee* will continue to enforce USGA World Handicap System (WHS) handicap policy by proactively reviewing player's scoring records using the USGA Handicap Review Tool throughout the golfing season and, as necessary, modifying handicaps.

It is USGA policy to have players post rounds in GHIN as soon as possible after the round is played. Any question of failure to post all valid and adjusted WHS scores, either via the handicap computer or the Internet, failure to post scores in an timely manner, round manipulation, posting of numerous higher than normal away or Internet scores, several exceptionally low competition (C) scores, a C score average over several recent months that is lower compared to the player's current handicap or consistently lower competition scores in major club tournaments may prompt a reassessment

of a player’s handicap index resulting in a handicap adjustment or penalty score. Continued violations may result in withdrawal of the player’s handicap index.

Per the USGA Rules of Handicapping manual, the *Committee* may review all aspects of a player’s handicap history including, but not limited to, the items listed above. Based on this review, the *Committee* may adjust a player’s handicap prior to a tournament or post a penalty score. Before a handicap is adjusted, the player will receive a notification e-mail that explains the reduction. The player may immediately explain in writing or in person, the circumstances or mitigating factors surrounding the proposed handicap adjustment. When a final decision has been made to modify a player’s handicap it will be applied, as a minimum, to the next tournament that they enter. This final decision may not be appealed. If the reduction applies to a specific period rather than an individual tournament it may be identified by an “M” in the GHIN system. A penalty score may be applied without discussion with the player and it may appear as a “P” score in the scoring record. You may provide signed scorecard evidence to refute this “P” score.

WHS Handicap Adjustment

It is the USGA policy to adjust a score on a hole based on the player’s handicap as a method to prevent inflated handicaps. Under the WHS, a player may score a maximum net double bogey on a hole. That is, if you get a stroke or two on a hole, you can add those to the double bogey score to arrive at the maximum allowed score for the hole. Adjusting a hole score to a net double bogey can be done either automatically, when hole-by-hole score entry is used, or by the player, when submitting an adjusted gross score for the round.

The table below compares the maximum allowed strokes under the old USGA ESC and the new WHS for a selection of handicaps. Under WHS, the maximum hole score for a single-digit player will either stay the same or increase by one stroke. A 15-handicap player will have his maximum hole score either reduced or stay the same with the exception of a par 5 where he strokes (1S). Similarly, a 25-handicap will have his maximum hole score either reduced or stay the same except on a par 5 where he gets two strokes (2S). Therefore, the single-digit player should see a small increase in his Index while higher handicap players should see a small decrease in their Index due to the score adjustments.

Maximum Allowed Strokes under the Old USGA and New WHS

Par	5 Handicap			15 Handicap			25 Handicap		
	USGA Old	WHS New		USGA Old	WHS		USGA Old	WHS New	
		1S	NS		1S	NS		2S	1S
3	5	6	5	7	6	5	8	7	6
4	6	7	6	7	7	6	8	8	7
5	7	8	7	7	8	7	8	9	8

Tournament Flights and Payouts: The *Committee* will have net flights that play from the blue, white and green teeing grounds in each tournament. The SAGA may have a blue or white gross flight or a white/green hybrid flight in individual tournaments only. If there are less than 3 players in any gross flight they will be moved to the appropriate net flight. The *Committee* will attempt to keep the flight sizes from 8-12 players with handicaps within 5 strokes in each flight but that is not a hard requirement. Approximately one third of each flight should place in the prize money. Ties for gross and net prizes will be broken using a scorecard playoff starting on a hole designated by the *Committee* and then going backward.

Pace of Play (Included in Conditions of Play and Local Rules): Our most significant issue has been the slow pace of play. Over the past few seasons, we have encouraged players to play at a faster pace and the pace has improved significantly. We still need to continue to continue this trend. *The USGA Rules of Golf*, Rule 5.6, Unreasonable Delay; Prompt Pace of Play, states in part: “You must not unreasonably delay play, either when playing a hole or between holes and a round of golf is meant to be played at a prompt pace.” The *Committee* has designated that **you must play your tournament round in 4 hours and 30 minutes or less and maintain your position on the course to avoid penalties.** See our Conditions of Play and Local Rules for the complete policy on slow play enforcement and penalties. Any questions or comments regarding the above should be forwarded to Mark Vitale, Tournament Chairman, at 505-301-4678 (vitalemp555@gmail.com) or Warren Von Worley, Vice President, at 505-350-4801 (wvon@comcast.net).

Revised 02/14/2024

SAGA March 15th 2025 2-man Scramble Tournament

All Ties have been resolved by score card play-off using the scramble score, starting on hole #18 and working back.
Payout is for each player and is on a Santa Ana gift card . **CTP (*)** paid \$25
